

Joint Conference:
 MFPT 2016 and ISA's 62nd International
 Instrumentation Symposium

Advances in Technology to Support End User Mission

Dayton Convention Center, Dayton, OH • May 24 - 26, 2016

STOP PRESS!

This information and other updates will be posted at the Registration Desk and at www.mfpt.org/mfpt2016/updated.pdf and be tweeted!

Tuesday, 24 May - Morning

Session C1
 Room 309

MFPT Paper
 Session
**Condition Based
 Maintenance**

11:30 AM *Qualitative Data Analytics for Predictive Machine Maintenance – A Case Study, Nick Kulshrestha and Jonathan Royer, Flairsoft*

Additional Presentation

Tuesday, 24 May - Afternoon

Session B2
 Room 308

MFPT Paper
 Session
Signal Analysis 1

2:00 PM *The Fault Simulation Experiment and Feature Extraction of Rolling Bearing Based On Casing Measuring Point, Te Han, Tsinghua University; presented by Dongxiang Jiang*

**New Presenter:
 Nanfei Wang**

Thursday, 26 May - Afternoon

Session D6
 Room 310/311

MFPT Paper
 Session
Prognostics

1:30 PM *Developing a Pattern for Vibration Signature of Shaft/Coupling Misalignment, Mami Sato, SpectraQuest Inc*

**New Presenter:
 Suri Ganeriwala**
